DIANA DUNLOPS

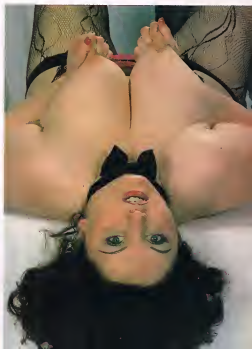

Those of you who've been regular readers of mags like this one will almost certainly be familiar with the dynamite contours of Diana Dunlops, a gal who has been round the track more times than Nigel Mansell.

"I couldn't wait to get my togs off for *Big Ones* again," she confessed. "It was one of the first mags I ever appeared in, and it gave me a big thrill to see myself on the shelf of every newsagent!

"So this time I tried to get across some of that excitement in this session. I started by cupping my massive boobs in my hands, rolling the nipples around under my palms and making them tingle. Then I carried on down my stomach, just stroking myself sensually, feeling all the little ripples of arousal going through me. And when I got down to my pussy, I was wet and ready for my fingers, I can tell you!

"So if you think that these pictures make me look horny, then the simple answer is - I was!"

MOUTH PIECE

WHAT A GAS!

Dear Ed.,

My name's Johanna, 25, and with vital statistics of 42-30-34. If this doesn't qualify me for your **Big Ones** correspondence pages, I'll never buy your sleazy magazine again!

Five years back I won a French farmhouse (in Brittany) in a competition organised by a London evening newspaper. I was tempted to sell it at the time because I was short of cash, but thankfully I've kept it on, having enjoyed some marvellous holidays and three-day weekends there.

Late last August while I was staying there with a couple of friends from the office, I developed the most appalling toothache. The nearest dentist was thirty miles away and I was annoyed to be made last in the queue - surely because I was English.

After a two hour wait, the nurse

*"My knickers were
dangling off my
right ankle!"*

ushered me into his surgery. Despite my scant knowledge of French, I understood what he was saying - that I required three major fillings. When asked if I wanted gas or injection, I opted for gas, due to my low pain threshold - not to mention my pathological fear of dentistry!

Under the anaesthetic, my mind wandered to the subject of sex. I dreamt my fiancé was performing cunnilingus on me in his antique hide library chair. My legs were wide apart and dangling over the padded leather arms. Not content with eating me - the dirty devil - he paused every now and then to fuck me with a vibrator. And all the while my breasts were being massaged and my nipples squeezed - almost as though Andy had developed a second pair of hands! It felt wonderful, just wonderful...

I don't know why, exactly, but the gas wore off way ahead of schedule.

When the ceiling stopped spinning, I realised all was far from well. I was wet between the legs (my first reaction was that I'd wet myself), my skirt was way up above my knees and my knickers were dangling off my right ankle. Then I noticed my blouse was unbuttoned nearly all the way down and my breasts were exposed. My nipples were pink and inflamed, like they always get when they've been played with.

The dentist and his nurse panicked when they saw I was regaining consciousness - as well they might, considering they were bang in the

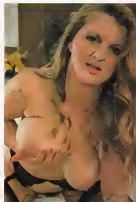

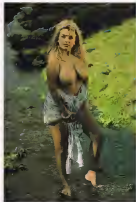

middle of a fuck, up against the medical cupboards. They struggled to make themselves decent, but it was too late - I cringed, wondering what on earth they'd been up to.

The dentist was terrified I'd report him for professional misconduct and tried desperately to buy me off. But, luckily for him, he was a young and very good looking guy and his poor nurse was close to tears. In the event, I settled for a free operation (the standard of his work was excellent) and issued lots of threats that, once I'd weighed-up the situation at home, turned out to be empty. In retrospect, it was a shame I was out for the count - I might well have enjoyed the experience!

Johanna,
Basildon.

CARRIE

If you're a sophisticated man-about-town type then we're sorry to tell you: you've got very little chance of bedding the beautiful Carrie. Because this lewd lass from Lincoln would rather be banged on a building site than pronged in a perithee. In other words, as far as men are concerned she likes a bit of rough.

"I go for the sort of bloke who's going to give me a bloody good seeing to," she explains. "Not some chinless wonder who only fucks on the tenth date. Good manners are all very well, but they should stop at the bedroom door. The men I go out with are not backward in coming forward. And they're not backward in coming over my tits, either!

"I think the best bloke I've ever shagged was this long-distance lorry driver. He liked me to be on top so that he could watch my big tits jiggling up and down and see all the dirty expressions on my face as I had my orgasms.

"That's what I was thinking of when I did these pictures, actually. I hope it shows!"

TO THE MANOR PORN!

Saul Wright takes a spin in the country and rattles the knockers of Megaboob Manor - for an exclusive on-set report filled with mammary mayhem!

It's Autumn, and the leaves are falling from the trees like knickers from a Page Three model. But thanks to the unpredictability of the English weather it's still a beautiful sunny afternoon as I manoeuvre my trusty Skoda through the treacherous twists and turns of a narrow country lane in Hampshire. I'm on my way to Thornham Grange, a private leisure/conference centre for wealthy businessmen. It's an eight-bedroomed mansion offering such prerequisites to relaxation as a sauna,

jacuzzi, squash courts, swimming pool, gym, bars and lounges. But I'm not going there to relax. I'm going there to look at girls: big ones, with lots of comfortable bouncy bits stuck on!

Parking the car and switching off the engine, I listen for the sweet music of twittering female voices. But all I can hear is the silence itself. Even the crickets appear to be having a nap in this remote neck of the woods. Appearances can be deceptive, though. From the front, Thornham Grange could be taken for

a country vicarage. But a stroll round the back reveals the sort of sight that would make a vicar drop his cassock. Parked rather incongruously in the middle of the spacious lawn at the rear is a black London taxi with two girls with ginormous knockers hanging out of the passenger window!

On the patio, three other very sexy ladies sit sunning themselves and sipping at orange juice. They return my open-mouthed stare with amusement, and once more I count myself lucky for having remembered to wear

my baggy chinos. Just inside the house is Peter Kay, veteran glamour photographer and director of naughty videos. "Glad you could make it," he smiles, furnishing a seat and a brief round of introductions. "We're taking a break for lunch. There are some sandwiches over there if you haven't eaten."

I wouldn't mind a nibble, actually. But work comes first. This is the fifth day that Peter and his crew have spent at the Grange and they are all looking a little shagged out. Perhaps I should explain that it's not an orgy they are engaged upon, but rather an epic shooting session for Peter's Lincoln-based adult video label, *Action Essential*. "We're doing six dif-

ferent girlie shorts," he explains - "all quite straightforward big boob stuff..."

Kay first used Thornham Grange as the setting for his magnum opus, *Miss-Adventures At Megaboob Manor*. He saw the place advertised in *The Sunday Times* as a mecca for stressed-out business executives and immediately envisaged a different use for it: the pool filled to overflowing with naked ladies; the luxurious armchairs lined with sumptuous

ling their beautiful bodies around the place, and only a handful of lucky fellows. Kay works quickly and efficiently, shooting on three quarter inch video, with sound engineer Bill and cameraman Jimmy. The first setup of the afternoon is in an upstairs bedroom. The thick curtains are drawn and sweltering photographic lamps turned on. I plonk myself down on the bed, a mute witness to the sexy story about to unfold.

In walks Phillipa, a slim but busty attractive blonde. She's clad in fetching purple underwear and her skin is creamy white - she obviously doesn't

female bottoms; the squash courts teeming with babes with bigger assets than Steven Spielberg. Thornham Grange would never be the same again!

This time out there are upwards of a dozen girls parad-

like to sunbathe. Settling down on a red couch in the corner of the room, she crosses her legs and smiles sweetly at her co-star, Jimmy, an archetypal Scot who winks back and grins in my direction. "Isn't she a lovely wee lass?" he asks. I'm inclined to agree.

It transpires that Jimmy is usually the cameraman, but because Peter has been let down by one of his actors he has been press-ganged into service as the star of this particular sequence. From where I'm sitting it looks like nice work if you can get it. The scenario is that he plays a photographer who gets into an amorous encounter with one of his models. There's no messing about with rehearsals here. Peter calls 'Action' and Phillipa begins to peel off her undies in a provocative fashion. "That's beautiful, love," encourages Jimmy. "Let's see that cute little pussy..."

The scene ends with them getting into a passionate clinch, and this is almost too much for Jimmy. "Phew!" he says. "I was getting a little hot under the collar there." In the background Peter and his bespectacled sound man Bill are viewing the playback and seem to be happy with the

results. "Should I take my trousers off now?" enquires Jimmy. "What have you got on underneath?" asks Peter. "Nothing!" replies Jimmy. "Don't be silly," says Peter. "Go and get some boxer shorts on. We don't want to see your horrible great thing dangling about. That would really put the punters off."

Suitably attired, Jimmy gets down to the job in hand. Phillipa drapes herself across him and the two kiss passionately. She shoves one of her large boobs in his mouth and he

sucks on it furiously. "Cut!" cries Peter, and the make-up lady rushes in to touch up Phillipa's lip gloss. It takes all the romance out of it, somehow...

"Temperament is usually the biggest problem on a shoot like this," claims Peter in a break from filming. "The girls can get bitchy, especially if there's one who thinks she's a bigger star than the others and always wants to be the centre of attention." Fortunately there doesn't seem to be any animosity here. The girls sit around laughing and joking, sharing tall tales and horror stories about recent modelling assignments. Peter orders one of the girls inside because she's starting to bum up in the heat of the afternoon sun.

I wander over to the taxi, where top glamour photographer John Graham is shooting some publicity shots for the videos. Even though we're in bright sunlight, a battery of photographic lamps surround the cab, in which two very buxom young ladies clad in white suspenders and very little else seem to be getting mighty friendly - intimate, one might say. "This might make a good shot,"

suggests Janine, a brunette with awesome appendages. She flops her massive mams out of the passenger window, while her friend Sarah sticks her shapely bum out of the front - you never see a sight like this when you're walking down the Strand!

Back to Peter again, who is now in the middle of setting up the next scene. A lot of furniture is being moved out onto the patio for a sequence involving three girls and a randy photographer. The lucky chap is played by Dave, a nice guy who seems more interested in talking about movie soundtracks than the joys of working with delectable crumpet. Phillipa's in this one also, looking stunning in leather gear. And she's joined by Klm, a slim, dark-skinned beauty.

The plot, as far as I can tell, has our cameraman hero snapping away with these two dolly birds when a very smart lingerie saleswoman arrives - she's portrayed by Sarah, one of the girls from the taxi, who actually looks twice as seductive with her clothes on. Before long, all three girls are trying on a succession of slinky underwear, and a steamy

menage-a-quatre develops when they play around with the photographer's exposure meter...

What's happening in front of the cameras is obviously simulated. But what about when the day's filming is over? Do any of the cast and crew get together for the real thing? "I wouldn't allow it," states Peter, shaking his head emphatically. "It might all look like a lot of fun to the viewer, but there's a lot of hard work that goes into making these films. These people are working from 6.30 in the morning to nine at

night, that's what they're here for. Sex can really mess that up. I have a lot of money tied up in these productions, and I'm not going to have anything happen to spoil that."

No doubt there will be a hugely appreciative audience waiting for these latest half-dozen *Action Essential* titles when they hit the shops shortly. On the day of the filming though, there was only me, the crew members, and some local lads who came upon a gap in the hedge at the bottom of the garden. "They've been out there for hours," chuckles Peter. "They probably think they've died and gone to heaven!"

In front of the cameras the heavy big boob action continued. But I was getting a bit blasé about it by now. Sitting watching naked women all day can be quite wearing, you know. The filming would continue late into the evening, but it was time for me to begin the long drive back to London. "Don't forget to mention in your article that we're always looking for new models," said Peter. "I mean, this has got to be better than working for a living, hasn't it?" Talk about preaching to the converted!

Ah well, goodbye Megaboob Manor, until the next time...

MELISSA

“Men have this irritating habit of thinking that just because you’ve got massive tits you must also be brainless,” sighs Melissa. “That attitude really bugs me, so I thought if I appeared in your mag it might go some way to changing their minds. You can tell your readers that just because I enjoy taking my clothes off for the camera it doesn’t mean that I’m thick!”

In fact the opposite is true. The 21-year-old blonde has an important job on the staff of the University of Exeter, and has a list of qualifications as long as that arm you’re wanking with!

So now you know that Melissa doesn’t have to take her bra off to count to two. But as far as we’re concerned, her most impressive qualifications are on display here. And she should be mighty proud of them. After all, nobody ever wanted to see Einstein with his togs off...

MOUTH PIECE

COW SHED CAPERS!

Dear Ed.,

My husband - always a shrewd man - foresaw the economic recession and sold his business (and our London home) just before the crash. We went "back to basics" and bought a 1,000 acre dairy farm in Devon. Our income was slashed, but at least we had some cash in the bank for a change.

Neither of us realised the sheer hard work in farming. Up at six a.m., in bed by nine at night - it was some change of lifestyle! Everything ran pretty smoothly, all things considered, but the day the milking machines broke down was a nightmare - a dairy herd of two hundred to be milked by hand!

Despite the three girls we recruited from the village, there were still

forty cows unmilked by sunset. Don bought a bottle of whisky and we finished the job together - which was when he got his bright idea. He really fancied, so he declared, the idea of watching me milk cows in just my black stockings and wellies.

It seemed preposterous, at first - another of my husband's wacky sex fantasies - but when I fetched my black stockings from the farmhouse, got undressed and sat on the milking stool, Don got very excited. I should explain at this stage that my bust measurement is extremely large (I'm nudging up towards 38-DD) and sitting there yanking on Daisy's teats, it was obvious she and I had rather a lot in common!

To let Don know I was into a bit of naughtiness, I "accidentally" splashed my pendulous tits with the Friesian's teat. Don kicked off his boots and jeans and caressed my

milky breasts, urging me to give Daisy's teat another tweak. This time an even bigger jet of warm milk blasted into my cleavage and over the tops of my raunchy black stockings. It felt undeniably erotic...

And it certainly had the desired effect on my husband! The next thing I knew, I was wrestled on to the filthy milking shed floor and rigorously fucked on my hands and knees. Never mind the overpowering smell of dung and stale milk and the manic mooing of our poor, unmilked cows - Don's cock felt nearly twice its normal size as it powered into my pussy.

My tits swung from side to side as he screwed me, and my nipples brushed the cold, wet, straw-strewn floor. Indeed, I was so sexed-up by this bizarre sequence of events, I felt like mooing myself as my orgasm erupted!

It was certainly one to put down to experience, but I'd have to be very drunk indeed to fancy an action replay. But you never know...

Pauline,
Devon.

SUZANNE

“The thing that I really love about nude modelling,” declares the sultry Suzanne, “is that I can show everything I’ve got and not get arrested! I once had the police come round to my house because one of my neighbours had seen me walking around naked. And I was only doing the hoovering!”

“Of course, I know I often have an audience when I’m doing that, because all the guys in my road know what I get up to. I just hope they’re all *Big Ones* readers, because spreading my legs to show off my pussy really got me feeling randy.

“Perhaps I’ll have to invite the neighbours round for a closer look...”

MOUTH PIECE

TOO MUCH FOR ONE MAN!

Dear Ed.,

It was incredible to think that I'd worked side by side with the guy for six whole years, without having met his wife. Only when we took our wives along to the teachers' conference at Scarborough, did Richard introduce me to her. Undeniably attractive, Barbara had a sensational figure - tall, leggy, taut-bottomed... and with tits the size of footballs.

Merely shaking hands with her at the bar that evening was all it took to produce a huge erection.

"You fancy Richard's wife, don't you?" said Melanie, as we undressed for bed that night. I laughed and accused her of cracking up. How could I find such a human freak show as Richard's wife Jane, in any way attractive? The very thought of it! However, unknown to my wife when I made love to her that night, it was indeed Richard's wife Jane I was thinking of...

The N.U.T. organised a disco on the last night of the conference. I couldn't help but notice that my colleague Richard had been earholed by a couple of shop stewards out on the balcony. With my wife still chatting with friends in the dining room, it gave me a long-awaited opportunity to reintroduce myself to Jane - and to savour the weight and warmth of those amazing breasts, à la slow, smoochy dance to **Lady in Red**.

Jane was pissed - more pissed than me - and she knew damn well I could see right down the top of her evening dress. Like I say, her tits were awesome, but even more impressive was the fact they were self-supporting. No, not a hint of a

bra - pretty amazing, for a lady in her late thirties.

"You fancy me, don't you?" she smiled.

"You're damn right, I do," I said. "Can't you feel it?" (a reference to my raging erection).

"Well there's nothing I can do about it now," she said, "because Richard's on his way over. Meet me under the pier at three - he'll be out for the count by then."

Richard cut in and I returned to the dining room. Just my luck, my wife was feeling horny and wanted seeing to. If I screwed her, I'd be all but useless for Jane later on, so when we got upstairs I said I felt sick and rolled over, pretending to go to sleep.

"Brilliant!" she sighed, before following suit.

Having made double sure my wife was asleep, I crept out of the hotel just before three that morning and walked down the esplanade, then on to the beach and towards the pier. Jane heard my footsteps on the shingle and appeared from behind one of the huge wooden pier supports. The miniskirt she wore was so obscenely short and tight, she was lucky she hadn't been followed by kerb-crawlers or potential rapists.

"My nipples have been hard all night," she purred, as we embraced. "Want to feel?"

She unbuttoned her blouse and bared her splendid tits, which she pressed up against me as I leaned back

against the wall. I yanked my shirt open to luxuriate in the sensation of her big, thick nipples against my hairy chest. As our mouths met, I pulled her skirt up at the back and pushed my fingers in between her silk-clad buttocks.

"We haven't got long," she reminded me. "Do you want my pussy or my titties?"

"Your tits," I whispered. "Kneel down while I take my trousers off."

Christ, any wandering fisherman or beach bum would have had a field day, had he been in the vicinity. Just our luck, it was a full moon, but nobody was around when, my cock at full mast, I rammed it into Jane's cleavage.

"Let me have your cum in my mouth when you're ready," she whispered. "Go on, then - fuck my tits till you're ready to burst!"

Shit, did I give those dugs a fuck- ing! I wanked myself so hard into that hot, sticky valley, I was worried my pounding knuckles would chafe her nipples and leave her tits black and blue.

"Mind if I rub myself off?" she asked.

"Yes, do it!" I said. "Open your mouth - I'm almost there!"

Jane's fingers were still crazy pounding her twat when my semen erupted into her face. Like a real whore, she massaged it into her cheeks and nipples, pausing to taste it, sniff it and revel in its texture.

"You adulterous bastard!" she teased, getting back on her feet. "Well, are we going to do this again when we get back to London? I'll be very disappointed if you turn me down."

Yes, indeed, I've been surreptitiously knobbing my colleague's wife ever since, and without the slightest hint of remorse. The way I see it, she's got far too much tit on her for one man.

SHUDDERIN' 'N' JUDDERIN'

Dear Ed,
I'm Natalie, 19, a real fitness freak and a great fan of your **Big Ones** magazine. I suppose I'm what you might call mildly bisexual, although I

marginally prefer sex with men. Although I'm no Super-Vixen, I'm still a very presentable 42-DD, which contrasts rather pleasantly with my otherwise petite, slender frame.

The point of this letter is to describe an incredibly yummy sexual experience, way back in July. I was weekendening with my parents in their country house at Rustington and, early on Saturday morning, went for a jog. Out in the country, about a mile from the house, some roadworkers were asphaltting a lane. They flagged me down and - much to my curiosity - asked if I knew anything about electronics. A problem with their pneumatic drill, by all accounts.

Well, I might be a teenage bimbo with big tits, but I know a wind-up when I see one, and I could tell from their sly grins that they were trying to put one over on me. When I turned the 'on' switch on the enormous road drill, it burst into life.

"Hold it steady a minute!" the foreman bellowed above the din.

The name of their tacky little game was immediately evident. The wildly vibrating pneumatic drill turned my (un-brassiered) boobs to jellies. They bobbed and bounced completely out of control - a truly pornographic spectacle - but there was nothing I could do to help myself. If I'd taken a hand off the drill to support my boobs, it would have dropped on my foot.

The foreman came to my rescue, ho-ho. Rubbing his groin against my bottom, he put his big, hairy arms around me and grabbed the handle grips of the road drill. I tried to wriggle free, but he was enjoying the feel of my vibrating breasts and quivering bottom far too much to free me.

Eventually, one of the workers took pity on my humiliating plight and switched off the compressor. To a chorus of jeers and catcalls I set off down the road to complete my jog. At the time I could happily have throttled that coarse Irish foreman, but when I got home and undressed for a shower, my panties were inexplicably moist in the crotch.

Furthermore, in bed later that night, I enjoyed one of my best ever self induced orgasms, fantasising on being vigorously screwed while clinging to that shuddering, juddering pneumatic drill.

**Natalie,
Beckenham.**

TOMMY Ta-Ta

Terrific Tommy Ta-Ta is one of the best known of American strippers, and audiences everywhere go big boob bonkers when she whips off her specially reinforced bra. It's hard not to be impressed - we haven't seen this big since we went on our last drinking spree with Ollie Reed!

Of course she didn't get that way without a lot of help from a friendly neighbourhood plastic surgeon, who charged a small fortune to pump those suckers up - well that's inflation for you. But it was obviously money well spent.

"My titties have made me rich," says Tommy, "and that's why I'm not taking any risks with them." Apparently, both boobs are now fully insured against fire and theft, presumably leaving Tommy free to get involved with as many third parties as she can handle

“BOUNCERS!”

If you're a sucker for juicy jumbo jugs then you must also be a collector of the breast-selling Bounce films made by Mike Behr. Dick Marshall meets the man who brought Candy Samples and Pat Wynn together, and uncovers the Behr facts about what it takes to make soft porn movies in the UK...

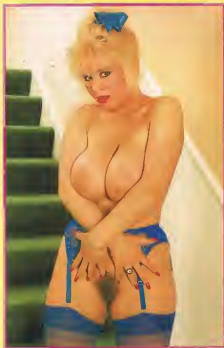

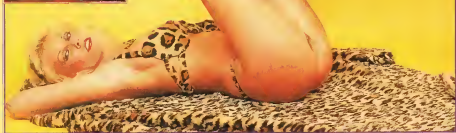

When it comes to big bouncing boobies, the man whose product has more bounce to the ounce is Mike Behr, maker of the top-selling *Bounce* series of cassettes, which are aimed squarely at the kind of guy who likes his women to look like they've been shot in the back with a couple of Cruise missiles. I first met Mike some years ago when he launched the range with a no-expenses-taken screening of *Bounce Edition 1* at the Acton

Screen (unusual, I know, but the Empire Leicester Square was already booked, and besides, the sight of those monster boobs in 70mm would probably have sent us home with white sticks).

Instead, a jaded bunch of journalists sat goggle-eyed in the one and nines witnessing the outsize antics of protuberant "Auntie" Pat Wynn and her similarly endowed co-stars, 'The Bra-Busters.' It was a glittering occasion, all right. In fact the lady herself occupied the seat beside me - and the seat in front of her, come to think of it. And afterwards most of us went round the pub next door and had a few doubles - there's got to be a joke there somewhere - while we discussed the appeal of big-boobed ladies. "I think most men like a mother figure," contributed Pat. Maybe. But if I'd been breast-fed by a mum like her I'd probably have grown up like Arnold Schwarzenegger!

As it happened, the *Bounce* series was a great success, enabling Mike to go off to the States to shoot his magnum opus, *Bouncing In The USA*. That was also where he was

to do the most business on his titles. "The profit to be made in the UK adult video market will always be negligible," he once confided. "There are too many censorship restrictions, and too many rip-off merchants operating here."

A big, affable fellow in his late 40s, Mike Behr first came to prominence on the British video scene at the end of the 70s, when he was boss of Astra, the company that released such notorious 'nasties' as *I Spit On Your Grave* and *Snuff*. Business was booming for a while there, and he even found backing to shoot a couple of successful naughties called *Red Tape Volumes 1* and *2*. But when the 'nasties' controversy started he was one of the first to get his fingers burned.

The *Bounce* series came out of Mike's (purely business) involvement with Pat Wynn, a big busted lady of mature years who is well known on the British glamour scene. "Pat ran a model agency specialising in big boobed ladies, and what we used to do was organise riverboat cruises down the Thames so that aspiring glamour photographers could take their pictures. For a modest fee they'd get a bite to eat, a few glasses of wine, and six pairs of ginormous knockers. I think it was quite good value!"

A lot of punters agreed with him, and before long the boats were regularly bobbing well below the plimsoll line under the combined weight of a gaggle of snap-happy voyeurs and a bevy of big-bazonka beauties. A disaster of 'Titanic' proportions was on the horizon unless Mike could come up with a better idea.

"We looked at the market," says Mike, "and came to the conclusion that the biggest selling videos around were those featuring women with very large boobs. Well, we had a whole stable of girls like that, and a huge mailing list of people we knew were interested in such things.

The obvious answer seemed to be to get hold of a video camera and shoot our own movies. And that's how the *Bounce* series was born..."

Most of them followed the standard *Electric Blue*-type

men's magazine formula, apart from *Bouncing In The USA*, which was far more ambitious. "It's a film that has a story to go along with all the big boobed girls on show," he explains. "I think it offered double value because

apart from Pat it also had *Candy Samples*, who's a very famous lady in America. In fact she has a massive fan club over there; selling everything from perfumed panties and vibrators to actual dates with the lady herself!"

The story of *Bouncing In The USA*, which was concocted by Mike - had Pat

going off to America to visit her dear friend Candy. When she arrives she discovers that her buxom pal's house is being used as the location for a film, and that Candy herself is doing the auditioning. Characters in the scenario include a handyman called Tom, who is having it off with sexy chauffeur Josephine. Pat herself gets in on the act with a couple of girls who have been playing strip pool,

"Being an ambitious sort of fellow, Mike doesn't see himself making sexy movies forever"

and then she and Candy get it on while Tom is peeping. "The way the film is done," says Mike, "I think that people may have to go back and look at it again to see who is doing what to who!"

The location for all this naughtiness was a magnificent house in Malibu belonging to John Lee, the actor who played Tom in the movie. "In fact it's

right near where Burt Reynolds and Barbra Streisand live," says Mike. "The actual filming took five days, during which time the only real problem came when I nearly blew up the house because of my lack of knowledge of America electronics. There was one other occasion when John freaked out, and that was when we had a food fight in the dining room and got strawberries and cream all over his fifteen hundred dollar chairs!"

Making the movie was fun, but also, Mike assures me, a lot of hard work. "Finding the right girls was the most difficult part," he says. "We looked at literally hundreds of them, going through American model agencies. The funniest thing about this was the application forms we received. Instead of telling you what they've done, most of the girls just want to tell you what they won't do. One of them mentioned that she wouldn't do DP, and I had to ask what that meant: 'Double Penetration of course,' she said. I don't know what sort of film she thought I was making! They also write down their wardrobe, so you get: 'Bra colours black and pink,' and one girl put 'Pants - none!'"

Mike had none of this sort of trou-

ble when he entered into collaboration with top British model Linzi Drew to shoot *Boob Talk* and *I Love Linzi*. They first met when she turned up as a strippagram surprise at his 40th birthday party, and had planned to produce a whole series of tapes based around her leggy appeal. "Linzi is a complete professional," says Mike, "and she's a very funny and very natural lady. The Linzi tapes are probably the most successful things I have done to date."

Being an ambitious sort of fellow, Mike doesn't see himself making sexy movies forever. "I didn't really want to go into the girlie market at all," he confesses. "But now that I'm in it I intend to deliver quality product and use it as a stepping stone to greater things. I've been working on a serious script for a long time now, and there's quite a lot of interest from various people in the industry, so we'll have to wait and see."

"The sad thing is that it seems more than likely I will have to go to the States to get it financed. Nobody in this country is prepared to take risks any more. There are a hell of a lot of good filmmakers turning out girlie movies just to pay the rent."

HOT GUN

Based on the activities of an airshow there's plenty of uniforms and stockings, and our heroine takes 9" of pumping live muscle in every conceivable office, both in the car and in the shower. Excellent o's, splash and e's.

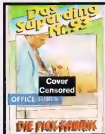

CLARISSE

A classic of German pornography specially remade for the British market! For those of you who love the flickers this is probably the best and most explicit leg**** videos ever seen. Plenty of full pex*****a too!

WAYWARD WILLIES

It may not sound like a true headline production and it certainly doesn't have much of a storyline, but you couldn't cram more dirty, filthy sex into one video if you tried. It's a non-stop a's, o's, 2 on 1, 3 on 1, box****, dem****, le**** — it's all here in the most graphic detail — Don't miss it.

OFFICE GIRLS

What a place to work! 'Time for dictation Miss Jones!' takes on a whole new meaning! Loads of d**** over desks and the photocopier and some of the best close-up shots you'll ever see. Loads of aphex — they say it's good for the complexion! This is a straight forward **** film of the very highest quality.

MOUTH PIECE

RELUCTANT ROMEO...

Dear Ed,

When you're married and over forty years old and in that disgusting condition known as "settled down", those apres closing time parties rather lose their appeal. I mean, where's the attraction, being packed like sardines in someone else's kitchen, drinking warm lager and talking bullshit... when you could be at home with your feet up, drinking a large iced whisky and watching the late movie?

Still, it was my mate Steve's birthday - and my wife was away for the weekend - so I made the effort. I'm rather glad I did, as it happens, because when I found the one chilled bottle of white wine in the house and slunk off to his front room to drink it, there stood one of the biggest-titted women I'd ever seen in my life. Oh yes - and she also happened to be beautiful. The skirt of her red two-piece suit clung to her thighs like a dream, and the top looked as if it had been tailored specifically to cope with her massive, thrusting bosom. Her amazing mane of red hair was piled on top of her head, with long, curly bangs framing her exquisite face. Her legs were long and shapely, with taut, muscular calves and slender ankles. Frustratingly, her jacket was just two inches too long to reveal the curvature of her derriere. Not that it mattered - it's always nice to have something left to the imagination...

As our eyes met, I felt like I was melting inside. It was lust at first sight - mutual, that is to say - and for once in my life I was lost for words.

"Boring party, isn't it?" she said. Was she hinting, even at that very early stage.

"Um, yeah, right," I said, like the tongue-tied twat I am.

"It would be nice to go somewhere

else, don't you think?" she said, in an unmistakably nudge-nudge style. Now or never, boy...

"Hrrrrm, how about my place?" I said - and felt myself blush from ear to ear. Surely I'd put my foot right in it...

"Anywhere to get out of this shit hole," she sighed. "Come on then, lead the way."

I was in such a state of confusion and disbelief, I showed her to the door to make our getaway - only to discover I'd opened the door of the airing cupboard. It was highly embarrassing - but at least it got a laugh.

The name of the lovely creature was Daphne - and Daphne was one of those girls who likes to be in control of a sexual situation - firmly in control. Fine by me. So when she

mous nipples as she gyrated. Then, slipping a hand into her knickers and caressing her slit, she reached out and anointed my dry lips with her natural lubricant.

"Do you fancy seeing me cover myself all over with Baby Oil?" she inquired. All I could do was grunt - and carry on drooling.

"Oh dear, I made myself come!" she giggled, five minutes later, standing before me in my humble front room, having studiously oiled herself from head to toe. "Do you mind if I sit on your lap? Look out, I'm terribly slippery."

The sensation of her taut, slippery bottom on my lap sent shivers of excitement down my spine. Mischievously, she parted her thighs in order to sandwich my throbbing cock. Even more mischievously, she squeezed yet more Johnson's fluid over it, which felt so sublimely sensual, there was nothing for it but to grab those huge, over-lubricated breasts and... indulge myself.

Daphne led me to the bedroom - by the root of my slimy cock. Arranging herself for me in the doggie position, it was now her turn to groan and sigh as I buried my cock in her warm, wet cunt - to the very hilt. She begged me to keep it there, deep inside her; to stir my knob around as I yanked on those massive, dangling melons.

"Yes, pull on my nipples while you're shagging me!" she gasped. "Oh fuck, we're so good together!"

As indeed turned out to be the case. Assured that she was on the Pill, I gave up a ball-wrenching slug of cum, collapsing on top of her as I gasped for breath, somehow managing to remain in her pussy as she took my full weight.

Being married and - on the surface, at least - a regular Mister Respectable, it's difficult to get my clammy hands on Daphne's dream tits more than once every couple of weeks. But - by Christ - she's brilliant in small doses...

said, "Why don't you undress and make yourself comfy while I strip for you?" I was only too happy, playing second fiddle.

My cock was dripping love juice before Daphne reached for the catch on her overworked black bra. Her jugs were so colossal, I fully expected them to collapse down on to her belly, but to my absolute joy they sat way up high on her rib cage, nipples pointing skywards like a pair of lusciously tempting strawberries. Her minuscule panties, meanwhile, were of sheer black silk, revealing a pubic bush that had been neatly clipped into the shape of a heart.

Revelling in her role of party tease, Daphne toyed with her enor-

MARIA

If you want to get Euro-Indian babe Maria all wet and quivering, the way to do it is to suck on her magnificent mams in the shower.

"I find shower sex a real turn-on," admits the busty 26-year-old. "There's something about all those needles of water caressing my skin that just sort of gets to me. In fact even talking about it makes me feel randy. Being screwed outside in the rain has the same effect, but it's a lot less comfortable!"

Just in case you're ever lucky enough to find yourself sharing a shower cubicle with Maria, here are her comments on what she expects from her lovers. "I really appreciate it when a guy takes time over my body, just touching gently at first. I like to feel his fingers caressing my firm, large boobs, making each of the nipples hard and erect. But best of all I love it when he kisses his way slowly down to my pussy. And the longer he keeps his head down there, the better..."

So don't forget to bring your squalung!

VERONICA P. OVERIOUX
P.O. BOX 168 EXL IYD

Dear Steve,

You're doing it AGAIN, aren't you? Leaning over a porn mag without My permission, and probably having a seat as well!! STOP that IMMEDIATELY, you DISGUSTING little man, you - and prepare to be PUNISHED!

If you were here now, it would be simple: you'd ALREADY be spread wide for my HUGE strapon dildo, or whimpering under the lash of My bullwhip, or sucking My spikes as if your life depended upon it. Then again you might be squelching in a nappy or suspended from the ceiling, or even taking a long, deep draught of My golden wine.

But as you are cowering pathetically at home, I have had to think of something even more vile for you - and so, you will crawl to your telephone NOW, and dial the numbers below. Listen, learn, then write and beg Me for details of the Personal Training you so obviously need. Make sure you enclose an SAE and state your date of birth, unless being completely ignored turns you on (but nothing would surprise Me, when it comes to teenagers like YOU!!) - and I shall expect to hear from you yesterday.

Your arrogantly (and proud of it),

Veronica

Dial 0898 654 then. Dial 0338 421 then.

SAMMY

Busty brunette Sammy is a bit of an exhibitionist, which is just as well considering the way that she's built! "I'll do it anywhere" declares this forthright young lady. "Bed isn't my favourite place for a shag."

"This might sound corny, but I really love being screwed on the back seat of a car. Just the thought of being naked in there, with the windows all steamed up and the suspension taking a bit of a beating, is enough to have me itching to play with myself."

"The best time was when I was getting down to it with my boyfriend in the car last summer. I bought a Metro specially because there's lots of room when you let the back seat down. - and we were feeling really passionate. I had my massive boobs out and my panties were down around my ankles, and he had pushed his trousers round his knees, and things were getting really interesting... when I suddenly spotted one of our neighbours peering through the back window!"

"He looked pretty shocked, but being caught only made me feel even more horny!"

Perhaps next time she should flash her headlamps!

THE ART OF LOVE & SEX THE VIDEO

EXCLUSIVE MAGAZINE READERS OFFER

A CHANCE TO CHANGE YOUR LOVE LIFE

THE ART OF LOVE & SEX GUIDE video is exclusive to us and **NOT AVAILABLE IN THE SHOPS**. This video is a first of its kind. The video goes further than any other single Sex & Love Guide. It is a compilation of informative and explicit footage and advice that is unique. Unlike other sex guide videos this brings you the best of all of them in that it covers nearly all aspects of love and sex. The video explores relationships and graphically and explicitly shows you everything you ever wanted to know about love and sex.

This video will take you through all the aspects of love making. It covers sexual attractiveness, love techniques and massage. It will explore the mystery of orgasms and how to achieve better ones. It helps with love and sex for all ages and levels of experience. It will help widen the goal posts of love and sex for all. It teaches and explores all types of loving and sexual behaviour. There are features on massage, body oils and a guide to love from the far east. Throughout this video therapists advise and actual loving couples demonstrate **THE ART OF LOVE AND SEX**.

We believe this video can help you become a more tender and experienced lover and will help you to achieve a new peak of sexual fulfilment.

Other sex and love guides cost £15 but not this video. **THE ART OF LOVE AND SEX COSTS ONLY £10 PLUS P&P**. That's half its usual price. **REMEMBER YOU CAN'T BUY THIS LOVE TRAILER IN ANY SHOP**. It is only available at this price only until March 31st 1994.

You can count on our discretion in handling your order. We will send your video quickly and under plain cover.

Although the intention of this tape is to help develop your relationship it's content and nature pulls no punches and demonstrates explicitly how to improve your love. It is not our aim to shock so please do not order if you are easily offended. The video originals of this video have been passed certificate 18 and are suitable for those 18 years and over.
